

Expect Magic

At Nufern we keep you on the edge of optical fiber technology.

Active and Passive Fibers

- Telecom and passive from 350 nm to 2200 nm, PM available
- Active laser and amplifier fibers at 1, 1.5, and 2 μm
- Highest level radiation tolerant fibers

OEM and Research Sub-Assemblies

- High stability single frequency CW 10, 40, and 200W, PM available
- Broadband amplifiers to 1kW, PM available

Laser Products

- NuFIRE™ high finesse 200W laser
- High efficiency 2 μm up to 50W

Delivering optical fiber technology so you can make magic.
